FF

comma in your butt

@you

D9

if I wanna print something like a,b,c in a loop, I either have to use a terminal comma, or use a flag

std::mem::take is actually quite useful for this

@you

D9

but it is still bulky

@you

D9

hmm they should add .take() on bool

Session memory: U-Sticker detected two links shared in the chat. The conversation revolved around a game, with one participant praising its impact, mentioning it attracts smart CEOs, helps smart people excel, and can motivate personal growth, leading to...

Reply intent: The reply is a playful joke, likely a sticker with a humorous face or a funny meme.

Session memory: Wah risky, be careful on the highway to avoid speed locks. Someone skipped non-shiny encounters, and there's amusement about constant gym attacks in the game.

Reply intent: Expressing annoyance and disappointment at the Rayquaza CP2147 running away, with a frustrated tone.
